#### PATRIOTIC ASSOCIATION.

THE MEMBERS of the PATRIOTIC AS A SOCIATION, are requested to meet at he "Pulteney Hotel," on TUESDAY, the 30th inst., to take into consideration the retirement from Parliament of our late Parliamentary Advocate, H. L. Bulwer, Esq., with reference to our obtaining an advocate in his room; also the changes which it is generally believed will be accomplished by the contemplated Act of Parliament for the better government of these Colonies; and other purposes of general business.

The subject which it is proposed shall be last considered by the Meeting, either on the day above-mentioned, or by an adjournment to the next day, is, the projected change in the assigninst., to take into consideration the retirement

next day, is, the projected change in the assignment in this Colony of transported offenders This is not a party question, nor one in which the Patriotic Association is exclusively concerned; but on the contrary, it is a question of general interest, and therefore interests both the great political parties which agitate the Colony at the present time. Individuals of both these parties, are therefore invited, too meet each other on this occasion, in order to provide, in the best manner they may for their mutual in the best manner they may, for their mutual in terests; interests compared with which none can be greater; and compared with which none so great, have ever before been under the consideration of Her Majesty's Government. It is proposed to address the Secretary of State on the subject. and more particularly for the subject. the subject, and more particularly to explain the nature of the evidence given before the late Committee on Transportation respecting the assignment in this Colony of offenders; and to set forth the evils of associating offenders together in masses, in lieu of (as at present) humanther in masses, in lieu of (as at present) humanizing them by separation in small bodies among the Settlers of the Colony. For by associating them in masses, these men will be cut off from domestic life; and it must be anticipated, that after their terms of servitude shall have expired, they will be so depraved, so lost to all domestic feelings, and christian-like habits, as to render it imperitive on the Colonists at large to remonstrate with the Home Government to remonstrate with the Home Government against their being allowed to remain in the against their being allowed to remain in the Colony. Fifty years' experience has shewn, that, abating about a tenth portion, transported offenders have made, and still make, most useful servants; while many, by their abilities and superior conduct after becoming freed men, have made most respectable Househoulders, and virtuous heads of families.

#### By direction of the President, E. S. HALL, Secretary.

Druitt-street, 16th January, 1838. N. B.—The Proprietors of all the Newspaper are requested to insert the above in their Journals, until the day of Meeting; and are also requested, on their last day of publication previous to the Meeting, to call the attention of the Publication previous to the Meeting, to call the attention of the Publicate the Meeting and its chiefer.

lic to the Meeting and its objects.

By the account laid before the last Meeting, it appeared, that the balance to the credit of the Association, and available for its exertions, was above £800, besides large arrears of unpaid Subscriptions. By the union of the Colonists in addressing the Secretary of State, or Parliament or both, particularly on the subject of the assignment of transported offenders, measures which will accomplish a perfect revolution in Colonial property, and prove the distruction of agricultural and other capital, and bring masters down to the level of their servants, may possibly
