

THE ELECTION.

THE undersigned, having been informed that a report has been industriously circulated, that he had retired from the contest for representing the City in the Legislative Council, begs to assure his friends and the public, that this report is utterly without foundation; that he neither has retired, nor will retire, while he continues to receive that extensive and cordial support with which he has even already been honoured, and he begs that his friends and the public will not give credit to any rumour of such description, and that they will not relax their efforts up to the last moment in furthering his election.

W. BLAND.

December 29, 1842.

To the Independent Electors of the City of Sydney.

GENTLEMEN,—I beg to announce to you that it is my intention to offer myself as a candidate for the honour of representing your City in the first Session of the new Legislative Council. After having laboured among you for the last eighteen years, in concert with other friends of freedom, to obtain those constitutional privileges, which are the rightful inheritance of Britons and their descendants, in whatever quarter of the empire they may reside, I trust,—now that the parent Legislature has at length conceded to us a portion of our birthright, that I may be permitted to found my claim to your support, on the part I have taken in procuring this important concession,—tardy—as it has been, and imperfect and unsatisfactory—as it still is.

My public principles have been so often before the public, in the course of the long and arduous struggle, which has led to this approaching change in our form of government, that I do not consider it necessary to trouble you with a recapitulation of them now:—feeling confident, that my veneration for civil and religious liberty, and for all the free and expansive elements of our happy constitution, will not be doubted by any one who is acquainted with my public career.

Should it be your pleasure to elect me to the distinguished honour of being one of your first representatives, I pledge myself to deal with all measures, that may be propounded to the Council, according only to my deliberate views of their probable tendency, come from what quarter they may: giving to whatever I may deem beneficial to the general weal, my cordial support; and to whatever I may judge detrimental, my strenuous opposition.

A son of the soil myself, it must be almost needless to add, that my whole interests, feelings, and prejudices, are identified with the prosperity of my country—a prosperity which, I know, can only be insured by free institutions and equal laws. To revive and re-establish that prosperity on lasting foundations is evidently the first want of the colony, and will be the first duty of its new Legislature.

After having devoted the best energies of my life to promote the interests of my country, I trust it will not be deemed presumptuous in me to anticipate, that few will be found in its Councils more competent to assist in extricating it from its difficulties; still fewer—with more experience, purer intentions, or greater zeal.

I have the honour to be, Gentlemen,

Your most obedient humble Servant,

W. C. WENTWORTH.

CITY OF SYDNEY.

Commanding situation for Mercantile Establishments, Respectable Dwelling-houses, Shops, Stores, &c., with frontages to three streets, namely, Margaret-place, Clarence, and Kent-streets.

MR. SAMUEL LYONS has the pleasure to announce, that he has received instructions from James Dobson, Esq., of Melbourne, to offer for sale by public auction, at his Mart, the corner of George-street and Charlotte-place, on MONDAY, the 2nd January, 1843, at Eleven o'clock precisely,

Those highly valuable premises, including the stone-built two-story residence at the corner of Clarence-street and Margaret-place, formerly occupied as an Inn, and the two Verandah Cottages fronting Kent-street.

In consequence of the central and superior situation of this property, and the many enquiries respecting it, the Proprietor, to satisfy all parties, has determined to divide it into NINE ALLOTMENTS. The frontages vary from thirty feet to sixteen feet eight inches, and the depths from fifty-six feet to twenty-nine feet six inches.

Each lot has been so arranged, that it will have the advantage of a reserved passage at the rear, affording the opportunity of building over the whole of the frontage.

DESCRIPTION OF THE LOTS.

Lot 1—Contains twenty feet eight inches frontage to Clarence-street, with forty-six feet depth.

Lot 2—Contains twenty feet eight inches frontage to Clarence-street, with forty-six feet six inches depth.

ADVERTISING SHEET.

Lot 3—Contains twenty-four feet eight inches frontage to Clarence-street, with forty-six feet six inches frontage to Margaret-place. On this lot is erected a two-story stone-built House, formerly occupied by Mr. Dobson, and lately the "BLACK HORSE INN;" has also a reserved passage in the rear.

Lots 4 and 5—Contain twenty feet frontage each to Margaret-place, with depths of fifty-five feet nine inches and fifty-six feet, having also a reserved passage at the rear.

Lot 6—Contains twenty feet frontage to Margaret-place, with thirty-seven feet six inches depth.

Lot 7—Contains twenty-nine feet nine inches frontage to Kent-street, with thirty feet two inches depth. On this lot there is erected a Verandah Cottage.

Lot 8—Contains sixteen feet eight inches frontage to Kent-street, with fifty-one feet depth.

Lot 9—Contains eighteen feet two inches frontage to Kent-street, with fifty-one feet depth.

On lots 8 and 9 there are erected Verandah Cottages, with Sheds at the rear, having also the advantage of a reserved passage between lots 7 and 8, and leading to lot 6.

The Auctioneer would particularly invite the attention of all persons of capital, those inclined to speculate, the tradesman and industrious mechanic, &c., and would wish them to inspect the allotments previous to the sale.

In fact, their being situated immediately in the rear of the BARRACKS AND PETTY'S HOTEL, there can be but one opinion among all persons of any discernment; namely, that this part of the town is most evidently a rapidly rising and improving neighbourhood, when it is considered that the present Barracks will shortly be removed, and the Government proposal of continuing York-street through it, as well as Margaret-place and Erskine-street, into George-street.

For any business requiring to be in the immediate neighbourhood of DARLING HARBOUR, these Allotments are admirably situated, being a very short distance from the HUNTER RIVER STEAM NAVIGATION COMPANY'S ESTABLISHMENT, and in the midst of a very considerable thoroughfare.

A plan, and explanatory reduced sketch of the neighbourhood, by Mr. Armstrong, is on view at the Mart of the Auctioneer.

Terms liberal, and will be made known at the time of sale.

LADIES' SEMINARY, AUSTRALIAN-COLLEGE BUILDINGS.

THE CHRISTMAS HOLIDAYS in this Establishment commenced on Saturday, the 16th Dec., and the classes will be resumed on Tuesday, the 16th January. Application for the admission either of Boarders or of Day Pupils, to be made (if by letter, post paid) to Mrs. Atkinson, at the Seminary. As able and efficient teachers will be employed in instructing the young ladies in the various branches of education taught in the Seminary, while the building in which it is conducted is peculiarly airy and central, the advantages which it holds out for the education of young ladies will be sufficiently obvious. Although the establishment was commenced as soon as the building could be got ready, towards the close of the last quarter, it was not expected to be in full or efficient operation till the commencement of the ensuing year.

Young ladies attending the various classes of the Seminary will by admitted, without any additional fee, to the Course of Lectures to be delivered in the Lecture Room of the Australian College, by the Rev. Dr. Lang, as soon as the building, now erecting for the purpose, shall be completed.
