## Guide to the Papers of Lord Novar

### MS 696

### Correspondence Index

All correspondence in the Papers have been indexed, the numbers below being underlined to indicate authorship, non-underlined indicating receipt of a letter. For letters *by* and individual, the first and last pages of the letter are listed; for letters *to* an individual, only the first page of the letter has been listed. For example, of the first numbers appearing alphabetically below, 9441 is a letter of one page, 6526-6527 is of two pages, but 9383 is of one or more pages. As a running leaf number has been put through the whole of the collection, the numbers after each name are thus in the order of the arrangement of the Papers, not in chronological order.

Since the bulk of the correspondence is with Novar, letters *to* him have not been listed.
