

Guide to the Papers of Hans Heysen

MS 5073

Correspondence Index

All letters in the collection have been name-indexed, with the exception of items in Series 2. The number before the solidus (/) refers to the series while the number after the solidus refers to the item itself. Underlining indicates authorship and non-underlining receipt of a letter. Since the majority of the letters are written to Heysen they are indexed only under the name of the author and not under that of Heysen.
