### Correspondence Index – Part 2 – I-Z

All letters and memoranda in the collection have been name-indexed. The numbers before the solidus (/) refer to the series and those following the solidus refer to the individual items. Underlining indicates authorship and non-underlining receipt of a letter. As most of the letters were written to Barry they have only been indexed under the name of the author. Letters written by Barry have been indexed under both his name and that of recipient.
