

MS 9873 – Papers of Dymphna Clark – Appendix 1

Name Index to Correspondence in Series 1

Dymphna Clark received letters from hundreds of individuals. The following list covers writers who are either well-known or who were frequent correspondents and indicates the approximate dates of their letters. It is not comprehensive, as many writers used their first names and they cannot be identified with any certainty. Extended family have been excluded from the list.

It should be noted that letters of many of the writers listed below can be found in other series, in addition to Series 1.
